

magazines, be equipped with plainly visible chamber load indicators and magazine disconnect mechanisms.

As with many other consumer products, firearm design can reduce the risk of injury. But unlike other products, gun design decisions have been largely left to manufacturers. Fortunately, firearms manufacturers have already produced many guns with safety devices, such as chamber load indicators and magazine disconnect mechanisms, which can help reduce the risk of accidental injuries.

A chamber load indicator indicates that the gun's firing chamber is loaded with ammunition, but to be effective, a user must be aware of the indicator. Generally, chamber load indicators display the presence of ammunition via a small protrusion somewhere on the handgun. Unfortunately, most chamber load indicators do not clearly indicate their existence to untrained users or observers. We must ensure these indicators are easily visible to all gun users, and my legislation will do just that.

By comparison, a magazine disconnect mechanism is an interlocking device which prevents a firearm from being fired when its ammunition magazine is removed, even if there is a round in the chamber. Interlocks are found on a wide variety of consumer products to reduce injury risks. For example, most new cars have an interlocking device that prevents the automatic transmission shifter from being moved from the "park" position unless the brake pedal is depressed. It is common sense that a product as dangerous as a gun should contain a similar safety mechanism.

This is an issue of great importance to me. At the age of sixteen, I was left paralyzed when a police officer's gun accidentally discharged and severed my spine. Had the gun involved in my accident been equipped with a chamber load indicator, the officer would have known that the weapon was loaded. Clearly, mistakes can happen even when guns are in the hands of highly-trained weapons experts, which is why safety devices are so critical.

I urge my colleagues to join me and the 43 original co-sponsors of this bill in reducing the risk of unintentional shootings. Please co-sponsor this responsible measure, and help make guns safer for consumer use while protecting those unfamiliar with the operation of guns.

TRIBUTE TO MR. AL SMITH

HON. ED WHITFIELD

OF KENTUCKY

IN THE HOUSE OF REPRESENTATIVES

Thursday, November 1, 2001

Mr. WHITFIELD. Mr. Speaker, I rise in recognition of the contributions to Kentucky Journalism one of the great citizens and most notable journalists of the Commonwealth of Kentucky, Mr. Al Smith.

Al Smith has been a major player in Kentucky Journalism since 1958 when he arrived in our Commonwealth after having covered New Orleans government. His first position was editor of the Russellville News-Democrat in Logan County. He learned about grassroots politics by spending time with the wing of the Kentucky Democratic Party headed by Logan

Countian Emerson 'Doc' Beauchamp, who was the political enemy of Governor A.B. Chandler.

In 1968 Smith and some partners started their own newspaper, the Logan Leader, in competition with the News-Democrat. In a few weeks they owned both papers and began bi-weekly publishing. Then came the purchase of newspapers in Morgantown, Cadiz, and Leitchfield as part of Al Smith Communications.

Smith served as chairman of the Kentucky Oral History Commission and the Kentucky Arts Commission. He also became moderator of Kentucky Educational Television's "Comment on Kentucky" which he still heads 27 years later.

Mr. Speaker, Al Smith had grown up an admirer of the Tennessee Valley Authority and actively sought a seat on its board. Instead, he was named federal co-chairman of the Appalachian Regional Commission by President Jimmy Carter. He also served in that capacity temporarily under President Ronald Reagan.

Upon his return to Kentucky, he purchased the Sentinel Echo in London and moved there. After the sale of Al Smith Communications to Park Newspapers in the mid-80's, he and his wife Martha Helen moved to Lexington where he produced and was host of the statewide radio talk show AOK Primeline. He continues to live in Lexington and one of his home towns, Sarasota, Florida.

Al Smith has been honored by several groups, awarded an honorary doctorate by Cumberland College, and named to the Kentucky Journalism Hall of Fame.

Mr. Speaker, on Thursday, November 1, 2001 Logan County will honor Kentucky's most notable journalists featuring Al Smith and those he has been a mentor to including The Courier Journal's Al Cross who is now national president of the Society of Professional Journalists; Larry Craig, President of the Kentucky Press Association and a Hall of Fame journalist; his daughter Catherine Hancock, who became a reporter for the Tennessean before going to law school; and News-Democrat & Leader Editor Jim Turner, who has won over 62 awards in the journalism profession.

RAINBOWS FOR ALL CHILDREN— GUAM

HON. ROBERT A. UNDERWOOD

OF GUAM

IN THE HOUSE OF REPRESENTATIVES

Thursday, November 1, 2001

Mr. UNDERWOOD. Mr. Speaker, grieving is a natural process brought about by emotional loss. Unexpressed grief usually takes its toll with problems surfacing in a person's behavior, academic performance, as well as his or her physical and emotional condition. It is for this reason that an international not-for-profit organization was instituted to offer training and curricula for establishing a peer support group for children and adults who are undergoing painful transitions in their family life. Rainbows For All Children has helped guide individuals through the initial feelings of hurt towards a stage of healing in order to foster a feeling of hope. The objective of this program is to furnish participants with an understanding of their new family unit, to assist in building a stronger sense of self-esteem and to direct them towards a healthy resolution of the changes that have taken place in their personal lives.

For the past thirteen years, the organization's local chapter, Rainbows For All Children—Guam, has been able to help thousands of children, youth, and adults in my

home island of Guam. Throughout this period, the chapter's director, Mrs. Marie Virata Holloran, a registered nurse, has trained over four hundred volunteers assigned to Guam's public schools.

The individual problems encountered by the volunteers usually stem from a difficult transition in life caused by the loss of a loved one caused by a wide range of situations such as death, divorce, separation, abandonment, incarceration, illnesses and accidents. Administered free of charge, the program consists of fourteen to eighteen week sessions gradually guiding individuals through the process of grief and loss.

Through lean times caused by lack of funding, the Rainbows organization managed to carry on their admirable work. As the group mainly relies upon privately donated funds and volunteer service, the list of coordinators and facilitators oftentimes fluctuates. At present time 250 committed and caring Rainbow volunteers donate their time to help grieving children on Guam. In the past year alone, Rainbows has helped 880 children from thirteen public schools.

Mr. Speaker, I would like to take this opportunity to recognize the Guam Chapter of Rainbows For All Children. I commend them for excellent work and their contributions to our island. I would like to submit for the RECORD, the names of Certified Site Coordinators currently involved with Rainbows in Guam's public schools.

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, November 1, 2001

Mr. THOMPSON of California. Mr. Speaker, we rise today to recognize Jim Gallagher, who is retiring after 33 years of public service with the Sonoma County Assessor's Office.

Mr. Gallagher joined the Assessor's Office in May of 1968. After fully familiarizing himself with every aspect of the office, he ran for County Assessor in 1986. He did such an outstanding job during his first term in office that he ran unopposed in 1990, 1994 and 1998.

During his tenure as County Assessor, the office graduated from manual processing of documents to electronic processing. Through his leadership, he ensured that the department was always on the leading edge of electronic technology.

He and his staff created a public service program that earned them the reputation as "Being the Exception to the Public's Perception of Government Service."

In addition to his duties as County Assessor, Mr. Gallagher has been an active participant in a multitude of community organizations, including the Sonoma County Foster Parents Association, the Sonoma County Mental Health Organization, the Catholic Youth Organization, the Santa Rosa Democratic Club, the Young Men's Institute, the Santa Rosa Chamber of Commerce, the Sonoma County Real Estate Appraisers Association, the California Assessors Association and the Knights of Columbus, among others.

Mr. Gallagher is the proud father of Theresa, Heidi, Jeanne-Marie and Brian and the grandfather of Todd and Trevor.
